

Telephone system changes reported

Cal Poly's telephone system changeover project is moving forward and completion of the effort is expected by Sept. 10.

Vice President for Information Services Arthur S. Gloster II announced last May that health, safety, and the near failure of the present system necessitated an emergency change in the telephone service.

Service for the campus community is being changed to Centrex touchtone service and all telephone sets are being replaced with touchtone sets with call transfer consultation hold and three-way conference calling features. Individual departments will have the option of adding other service features.

In addition, a new number prefix will be required. The new prefix is "756" and the new primary number for the university is "756-1111."

During the changeover by Pacific Bell in August and early September, parts of the campus will remain on the old system and will continue to use their numbers with "546" prefixes.

Implementation of the new service actually began with the replacement of telephone sets in the residence halls on July 15. Changeovers in other buildings will begin on Monday, Aug. 3, and continue through Sept. 3, with the Administration Bldg. being last.

As telephones in each campus building are changed to the new system, they will begin using the new "756" prefix.

In order to reach campus telephones that are on a different prefix than their own during the changeover period, users will need to dial "9-756-XXXX" or "9-546-XXXX" using the appropriate extension number.

Users with the same prefix will be reached by using only the campus extension number (last four digits).

After completion of the change over project, all campus telephones will have the new "756" prefix and will be reached by dialing the campus extension number.

Between now and completion of the project, the campus emergency service extension number, "2222," will work with both the old and new prefixes.

The number for the university information operator will continue to be "0" and the telephone repair service number will remain "2494." They will also work with both prefixes during the changeover period.

Most campus extension numbers will remain unchanged and a revised directory of all numbers in operation under the new system is being prepared for distribution in September.

Norm Johnson, the university's interim director of communication services and coordinator of the

(Continued on page 3)

Kathleen Ryan to head department

Dr. Kathleen A. Ryan has been appointed head of the Psychology and Human Development Dept.

Ryan succeeds Dr. Basil A. Fiorito, who has led the department since its creation in the fall of 1984. He will return to full-time teaching. Ryan will take up her new duties on Sept. 1.

A California native, Ryan earned an undergraduate degree in psychology from San Diego State University, and two advanced degrees in experimental psychology from Bowling Green State University (Ohio).

Before coming to Cal Poly in 1981, she was a research assistant, teaching assistant, instructor, and teaching fellow at Bowling Green State. At the Ohio school she earned a Freeburne Award for Excellence in Teaching.

Earlier this year she received a university-funded CARE (Creativity Activity/Research Effort) grant for work on "A Biochemical Learning Model for Bulimia and Carbohydrate Craving."

Her writings have appeared in such publications as *Journal of the Experimental Analysis of Behavior*, and *Animal Learning & Behavior*.

CSU Fresno prof named trustee

Gov. Deukmejian recently appointed a CSU Fresno political science professor to a two-year term on the board of trustees of The California State University.

Dr. Lyman H. Heine's appointment as faculty trustee will expire on June 30, 1989.

Heine is the second faculty member to hold this position. Outgoing faculty trustee, Robert Kully, served two consecutive terms. Kully is a professor of communication studies at CSU Los Angeles.

Position Vacancies

Vacant staff positions at Cal Poly and the Cal Poly Foundation are announced in this column and are posted outside the respective offices. Contact those offices (State: Adm. 110, 805-546-2236 — Foundation: mobile unit near the Fire Department (805-546-1121) for applications and additional position details. Both Cal Poly and the Foundation are subject to all laws governing affirmative action and equal employment opportunity. Cal Poly hires only individuals lawfully authorized to work in the United States. All eligible and interested persons are encouraged to apply.

State

CLOSING DATE: 8-5-87

Clerical Assistant II-A, \$1332-\$1571/month through 6-15-88, Disabled Student Services.

Clerical Assistant I-A, \$7.15-\$8.40/hour. Intermittent on-call through 6-30-88, Enrollment Support Services.

Skilled Laborer, \$1912-\$2092/month, Plant Operations.

Candidates for positions on the faculty of the university are presently being sought, according to Jan Pieper, director of personnel and employee relations. Those interested in learning more about the positions are invited to contact the appropriate dean or department head. Salaries for faculty commensurate with qualifications and experience (and time base where applicable), unless otherwise stated. This university is subject to all laws governing Affirmative Action and equal employment opportunity including but not limited to Executive Order 11246 and Title IX of the Education Amendments Act and the Rehabilitation Act of 1973. Cal Poly hires only individuals lawfully authorized to work in the United States. All eligible and interested persons are encouraged to apply.

CLOSING DATE: 9-15-87

Senior Assistant Librarian, minimum salary \$29,640, plus any authorized general salary increase (12-month tenure track position), University Library. Serials Cataloger/Head, Serials Section, Cataloging Department. Supervises and administers the Serials Cataloging Section; responsible for the bibliographic records of the Library's serials collection in all databases. Requires ALA accredited MLS degree and three years' professional cataloging experience in an academic library (serials cataloging experience preferred). Knowledge of and experience with OCLC, AACR2, and LCSH required (CLSI, INNOVACQ, and other library automation systems desired). Demonstrated written and oral communication skills required. Master's in a subject field required for tenure or promotion.

CLOSING DATE: 9-20-87

Lecturer (full-time, 12-month), Dairy Science (Research Scientist). Two positions available Oct. 1, 1987. Supervise and conduct applied research on the chemistry and technol-

ogy of dairy foods. Projects will involve cheese technology, membrane processing and development of new dairy products and processes. Contact Dr. Nicholas Melachouris, Dairy Science Dept. (805) 546-2560.

CLOSING DATE EXTENDED: 9-30-87 or until suitable candidate is found.

Tenure Track Position or Lecturer (full-time), Civil and Environmental Engineering for 1987-88 academic year. Geotechnical specialization preferred. Requires M.S. or equivalent with teaching and industrial experience in CE for lecturer position; Ph.D. or equivalent for tenure track. Contact Carl Hsieh, Civil/Env. Engineering.

CLOSING DATE: 1-15-88 or until filled

Tenure Track Position (Professor/Associate Professor/Assistant Professor), Business Administration, beginning Fall 1988. Teaching at the undergraduate and MBA level, plus research leading to publication in refereed journals. Corporate finance plus one or two other areas preferred. Teaching excellence expected. Ph.D. required; ABD near completion will be considered. Established publication record required for advanced rank. Contact Dr. Kenneth Riener, chair, Business Administration Dept.

CPR schedule

The Cal Poly Report will be published every other week during Summer Quarter. The next issue will be Aug. 6. The last summer issue will be published on Aug. 20. (The deadline is a week prior to the publication date). The first issue of the Fall Quarter will be Monday, Sept. 14.

Who, What When, Where

James Nash, Student Health Services, was recently elected secretary of the CSU Health Center Directors. A member of the organization's executive committee, he previously served as member-at-large and vice president.

Linden Nelson, Psychology and Human Development, presented a paper, "Cognitive Determinants of Pro-Arms Control Opinion and Behavior," at the Scientific Meetings of the International Society of Political Psychology in San Francisco.

Health insurance premium changes

For employees currently enrolled in a health insurance plan will probably see a different amount deducted for health insurance in their July paycheck. This is due to the start of the new health insurance contract year, which runs from Aug. 1 through July 31 of each year, with health insurance premiums being paid one month in advance.

Premium rates for health insurance have been changed with this new contract year and will be reflected in the paychecks issued July 30.

The state's contribution has also changed. Below is a chart outlining the change in the state's contribution as well as the net premium change for each of the seven available plans.

In addition to premium changes, health insurance plan benefits may change with the new contract year. Within the next few weeks health plan carriers will send covered employees their new plan booklets explaining the benefits for the 1987-88 contract year.

Employees should read the booklets carefully to become acquainted with benefit changes before utilizing benefits.

Benefits and premiums for dental plans will remain the same as last year.

The Blue Shield Statewide Service plan will be terminated on Aug. 31. Employees enrolled in the plan were informed last fall of the termination and special open enrollment period of Aug. 1, 1986, to July 31, 1987, to elect a new health plan.

Those who have not yet elected a new health plan must do so by July 31 or they will be without coverage after that date. Blue Shield-Preferred Provider plan enrollees will not be affected by the change.

Aug. 20 through Oct. 9 has been set as the health and dental insurance open enrollment period for all plans except the Blue Shield Statewide Service plan.

During this time eligible employees may enroll, change plans, or add eligible family members. Health insurance plan representatives will be on campus Wednesday, Sept. 23, to answer questions regarding their health insurance.

More detailed comparison information and open enrollment procedures will be sent to all faculty and staff by campus mail during mid-August.

Questions concerning health and dental insurance can be directed to Joyce Haratani, Personnel Office, ext. 2236.

Kerschner named to CSU academic affairs post

Dr. Lee Kerschner, executive director of the California Commission for the Review of the Master Plan for Higher Education, has been named vice chancellor for academic affairs for The California State University.

He will assume his responsibilities as academic chief of the 19-campus system on Sept. 1. His duties involve implementing CSU policies related to academic matters including programs and planning, student affairs, institutional research, continuing education, and special systemwide programs.

Kerschner began his career in higher education at Cal State Fullerton, where he was a founding member of the Political Science Dept. A former Chancellor's Office official, he served as dean of faculty affairs and acting director of international programs. From 1971-76 he was assistant executive vice chancellor, and he spent a year as vice chancellor for administrative affairs.

He has also served as executive director of the Colorado Commission on Higher Education; executive director of the National Association of Trade and Technical Schools, and executive secretary of its accrediting commission.

Two Arroyo Grande artists to be featured

Two Arroyo Grande friends who occasionally paint together will be featured in the UU Galerie from Friday, July 31, through Monday, Aug. 31.

The show, "Duo-Vision," will exhibit the paintings of Don Klopfer and Ned Long. An artists' reception will be held on Friday, July 31, from 5 to 7 p.m. Refreshments will be served, and the public is invited.

A native of Washington, D.C., Klopfer started painting as a youth in his father's garage. Later, while serving in the Merchant Marine during World War II, he sketched the people and places he encountered.

Klopfer attended the National Art School in Washington, D.C., as well as the California Council of Arts and Crafts in Oakland.

Since he moved to Arroyo Grande about seven years ago, he has been able to devote all his energies to his work.

In Los Angeles he has exhibited at the Los Angeles County Art Museum, Esther Robles Gallery, Third Street Gallery, Barnsdall Park, Westwood Art Association, as well as the Robert Pyle Gallery in Morro Bay.

Klopfer's art is owned by a number of people around the world including actress Norma Shearer, Mrs. Alan Ladd, and actor F. Murray Abraham.

Long was born in Danville, Ill., and went to high school in Lubbock, Texas. He earned an undergraduate degree in civil engineering from the University of Illinois, where he started his art work.

Five years later he earned a degree in architecture at UC Berkeley. He also studied sculpture at Berkeley with Harold Paris and Robert Hudson.

Long has twice had one-person shows at the Santa Barbara Public Library, and he came in second in a national poster contest sponsored by World Magazine. He also exhibited at the Art Club of Oxnard's annual 4th of July show

and at the Santa Barbara City College Small Images Exhibition.

The Galerie is open Monday through Wednesday, 10 am-5 pm; Thursday, 10 am-8 pm; Friday, 10 am-4 pm; and weekends, noon-4 pm.

Cal Poly to sponsor 'Holography Expo'

"Holography Expo," a seminar and presentation of three-dimensional imaging techniques using laser technology, will be presented throughout the Western United States beginning in the fall.

The program will be presented by the Graphic Communication Department in cooperation with White Light Works Holography of Woodland Hills, Calif.

The expo will be seen in at least 15 cities throughout California, Nevada, Oregon, Washington, Arizona, and Utah. The tour will begin in mid-September in Pasadena.

Holography has recently become a major asset to the printing industry, primarily in areas of advertising and promotion.

For additional information on the Holography Expo series, call 481-5168 or (818) 703-1111.

Dance party planned

A rhythm and blues dance party, sponsored by the Black Professional Women's Organization, is scheduled for Saturday, July 25.

The \$3 admission fee will help raise funds for scholarships for black female students.

The dance will start at 9 pm at the Bassi House/Diablo Den on Ontario Road in Avila Beach. For additional information, call Angela Hamilton, Affirmative Action, ext. 2062, or Princie Bowls, ext. 2311.

...Telephone system

changeover, said the changes in campus telephone service are being made at this time in an effort to cause the least possible interruption in campus operations and services.

Demonstrations of the new telephone sets and services are available to departments and offices by arrangement. To arrange a demonstration or ask questions about the telephone service, call the assistant manager of telecommunications services, Barbara Ciesielski, ext. 2671.

The schedule for the first two weeks of the changeover follows. The remainder of the schedule will be included in the Aug. 6 issue of *Cal Poly Report*.

✓Monday, Aug. 3 — Crops Unit, Poultry Unit, Dairy Unit, Sheep Unit, Aero Engineering, Modoc Hall, Plumas Hall, Mariposa Hall, and Tehama Hall.

✓Tuesday, Aug. 4 — Mustang Stadium, Jespersen Hall, Heron Hall, and the College Ave. cottages.

✓Wednesday, Aug. 5 — Engineering Bldg.

✓Thursday, Aug. 6 — Mechanical Engineering Bldg. and University Dining Complex.

✓Friday, Aug. 7 — Kennedy Library, Dexter Bldg. (partial), Architecture and Environmental Design Bldg., Science Bldg., and Engineering East Bldg.

✓Monday Aug. 10 — Chase Hall and Crandall Gym Trailers.

✓Tuesday, Aug. 11 — Food Processing Bldg., Agricultural Engineering Bldg. and Shops, Machine Shop, Beef Unit, Ornamental Horticulture Unit, Horse Unit, and Natural Resources Unit.

✓Wednesday, Aug. 12 — Health Center and Alumni House.

✓Thursday, Aug. 13 — Engineering West (partial), Old Power Plant, Air Conditioning Engineering Bldg., and Crandall Gym.

✓Friday, Aug. 14 — Mathematics and Home Economics Bldg., Dexter Bldg. (partial), Erhart Agriculture Bldg., and B&AE Bldg.
